# D Home Partners on the Dallas Design Symposium

D Home was proud to sponsor the annual Design Symposium presented by the Nasher Sculpture Center and Dallas Architecture Forum. More than 200 patrons and special guests attended this special evening featuring the renowned Christo, widely considered one of the most important environmental artists of our time. Guests enjoyed the symposium and a Q & A with Christo moderated by Nasher Sculpture Center director Jeremy Strick and Nate Eudaly, executive director of the Dallas Architecture Forum. A reception with Christo followed the symposium in a private, architecturally significant residence in Dallas.

## Look who joined the party
